July 31, 2009

Dear Michael Brown,

Muttley Crew Rescue, Inc. (MCR) would like to thank you for the time you spend to meet potential donors, collect funds, and donate those funds to small non-profit volunteer-run organizations like ourselves. Your generosity is much appreciated!!

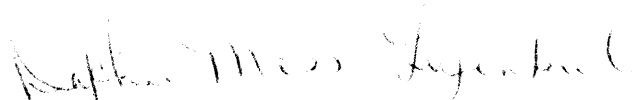

As you may know, MCR relies solely on the support of generous people. We receive no county, state, or federal subsidized funding. We have neither paid staff nor administration fees. Vehicles and administration expenses such as phones and vehicular insurance are paid for personally by the officers of MCR and all work is accomplished by 5 volunteers. Your monetary contributions go towards veterinary bills, medications, food, and any other necessities for the dogs.

Because of contributions from generous donors, we are able to take in more homeless medically needy and/or challenged dogs who unfortunately meet their demise much too early due to a medical condition. A common case we see frequently is heartworm positive dogs. In most cases, this is a treatable condition which just takes additional time and money to cure. After an approximate three month treatment, the dogs are as good as new!

As Ginny mentioned in her email to you, we just took in two adorable small dogs used for "backyard" breeding who lived in horrid conditions. One dog needed all of her teeth removed and the other had two substantial size stones removed. These dogs are feeling and looking great and will be ready to place into a forever home very soon.

Once again, we appreciate your generosity and allowing us to be able to "give more rescue dogs a new leash on life!" Feel free to check out our website through Petfinder at:
<http://www.petfinder.com/shelters/MD282.html>.

Sincerely,

Daphne Miss-Lugenbeel, President

Give a rescue dog a new leash on life!!
